 **THE
CITY
OF CALGARY**
PARKS / RECREATION

Greetings!

My warm greetings to the organizers and exhibitors of the 1974 Calgary Horticultural Show. You are certainly a very enthusiastic and energetic group of people.

Calgary is still a booming city. We sometimes fear we may be engulfed by the growing concrete jungle of buildings and freeways. But then, groups such as yours, remind us of what we can do to make this City a very attractive place to live. Each citizen can make a very valuable contribution to its beautification. Please keep up your efforts.

The best of luck to you with your show.

ROD SYKES,
Mayor

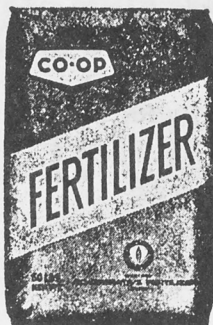

KEEP THAT COMPOST HEAP!

Never let it be said that we recommend you depend on commercial fertilizers (even ours!) to the point where you toss out compost, manure, peat moss, bonemeal, burnt leaves or any other soil conditioners you've found helpful. If they have worked for you, we'd rather see you keep tossing them on!

But, used together with other good horticultural practices, good commercial fertilizers can indeed help your green thumb to 'work wonders' with kitchen gardens, flower beds, shrubs and trees, potted plants, and lawns that stay green longer. They're not a 'substitute' for anything - but they're a great 'assist'!

Western Canada's largest range of fertilizers - from the only fertilizer manufacturing plant **owned** by its customers!

For free fertilizer advice write Box 2500 Calgary, Alta.

"Right as Rain!"

President's Message

The snow is swirling and the temperature is 15° below as I prepare my message for 1974. This is a sharp contrast to the beauty and vivid color of our Annual Flower Show. To live in a climate of such extremes must surely emphasize the appreciation we all share in the panoramic beauty of our gardens, parks, wild flowers and our Annual Horticultural Show.

To have our catalogue ready for your spring planting and show planning, it is necessary to write my greeting early in the New Year. The committee is devoting many hours to revamping and up-dating all classes. Have you noticed the new look? The success of our Show reflects the dedication of many people. My sincere thanks are extended to all directors, affiliated societies, patrons, donors, advertisers, the news media and our many supporters.

The prize list has been designed to appeal to everyone and hopefully stimulate your joy in growing and pride in showing.

See you at the Show!

DOREEN E. HALL

A "THANK YOU" FROM THE CALGARY HORTICULTURAL SOCIETY

The Executive and Directors of the Calgary Horticultural Society extend their sincere thanks to the many sponsors, donors and advertisers who have contributed to this prize list. It is their hope that visitors and exhibitors attending this show will patronize those whose names appear throughout these pages.

A special thank you goes to the donors of the new trophies listed below:

Cy Foster Gooder Trophy and miniature donated by Cy Foster Funeral Service Ltd., for the Best Flower Garden 50 ft. and under.

W. H. Hawkins Memorial Trophy and Rosette donated by Mr. & Mrs. A. P. Bowie for the Champion Six-Spike entry in the Open Gladiolus Section.

GENERAL RULES AND REGULATIONS

It's fun to be AN EXHIBITOR — try it and see for yourself!

1. The Judges' decision shall be final. Judges shall withhold prizes where exhibits are not considered worthy of an award, or they may award only second or third prizes. In the case of two exhibits being adjudged equal, the first and second prizes will be divided between the winners, the next in order of merit taking third, if third prize is offered. Precisely the same principle will apply to equal seconds, in which case there will be no third. If two competitors are equal third, a duplicate third will be given.

2. The Directors shall act as arbitrators before the close of the Exhibition and settle all disputes and protests that may arise. All protests must be in writing and in the hands of the Secretary or Show Manager before 9 p.m. the first day of the Show accompanied by a fee of \$5.00, which will be forfeited if protest is not sustained.

3. All persons shall be entitled to exhibit, except as otherwise specified in certain classes.

4. All entries must be listed on the entry form supplied by the Society, and all entry forms (except those for Roses and Glads) accompanied by the necessary fees, must be received by the Show Secretary not later than 6 p.m., Saturday, August 17th.

THIS RULE WILL BE STRICTLY ENFORCED.

Rose entries must be made to Secretary of the Rose Society.

Glad. entries must be made to the Secretary of the Glad. Society.

ALL EXHIBITORS MUST BE MEMBERS OF THE CALGARY HORTICULTURAL SOCIETY AND MUST PLACE NUMBER OF THEIR MEMBERSHIP CARD ON THE ENTRY FORMS.

5. All exhibits shall have attached to them the tag provided by the Society. Exhibitors may stage their exhibits Sunday evening between 7 and 10 o'clock, and must be staged not later than 11 a.m. Monday, the first day of the Show.

6. Exhibitors will not be permitted in the Kinsmen Centre during the judging. This rule will be strictly enforced.

7. All exhibits must be the property of exhibitors and must have been in their possession for at least four months previous to the time of showing, excepting cut flowers and material purchased by the exhibitor for design work for table decorations only. Any attempt at imposition or mis-statement of fact, or any refusal to furnish, on request, satisfactory proof and particulars, will disqualify competitors for present and succeeding shows of this Society. After the entries have been made in the Collection of Vegetables and Flowers the Directors reserve the right to appoint a committee to visit and inspect the gardens of competitors.

8. Any one or more members of the same family being members of the Society may exhibit from the same garden in the open competitions, but not in the same class. No exhibitor may enter more than one entry in each class, unless otherwise specified.

9. In classes where a number is specified, as for instance "Six Spikes of Sweet Peas", more or less than the number required will disqualify. Where a collection of flowers is called for, an arrangement of individual species arranged in separate receptacles will have the preference. Pot plants must have been grown in pots by the exhibitor at least four months prior to the date of the exhibition.

10. At the discretion of the management plants or flowers infested with disease or pests shall be excluded from the Kinsmen Centre.

11. Novices may compete in all classes. Novices shall be those who have never won to the date of our show 5 first prizes at any Horticultural Show.

12. It must be distinctly understood that all exhibits are shown at owner's risk, and that the Directors, while taking all reasonable precautions, are not to be held responsible for any loss or damage.

13. No exhibit or part thereof shall be removed from the show bench or building before 9:30 p.m. the closing night of the Exhibition. Anyone removing exhibits before close of the show will forfeit their prize money.

14. Members of Calgary Horticultural Society are entitled to all privileges of Society and one free admission to Show on presentation of Membership Card.

15. In case receipts from the Show are insufficient to meet full payment of prize money, the Society will guarantee payment to the extent of 80 per cent of gross receipts from the gate, pro rata among prize winners.

16. Wiring of flowers, except in decorative classes, is not allowed. See that holders or spreaders do not protrude above the receptacle. Flowers that close at night are not suitable for table decorations.

17. All cut flowers may be shown in own receptacles if desired. Otherwise milk bottles will be provided by the Society.

18. The Directors reserve the right to substitute cups, medals, or merchandise for prize money if deemed advisable.

19. All perpetual trophies must be returned to the Chairman of Properties & Trophies Committee, one month before the Annual Exhibition.

20. No miniature trophy will be presented by the Society unless provided by the donor.

21. All exhibits to be named if possible. Five points will be deducted for not naming varieties in the collections.

22. Ribbons will be awarded to 1st, 2nd, and 3rd prize winners.

23. Only Rosettes mentioned in Prize List will be awarded.

MEMBERSHIP FEES

The Calgary Horticultural Society membership fee is \$1.00. Memberships may be obtained from the Show Secretary, Mrs. A. Ireland, 3216 Boulton Road N.W., phone 282-0931; or Mrs. G. Hiatt, 225 - 22nd Avenue N.E., phone 277-7964.

The Calgary Garden Club membership fee is \$3.00 (Senior Citizens, \$2.00). Memberships may be obtained from Mrs. G. Hiatt, 225 - 22nd Avenue N.E., phone 277-7964; or Mrs. O. Graves, 918 - 5A Street N.W., phone 283-1297.

The Calgary Rose Society membership fee is \$1.50. Memberships may be obtained from Mrs. R. Powys-Lybbe, 47 Heston Street N.W., phone 289-8322.

Open to Members only in the City of Calgary

MRS. A. IRELAND, Show Secretary, 3216 Boulton Road N.W.
T2L 1M3 — Phone 282-0931

Entry Fee: 50 cents

RULES

1. No flowers or vegetables to be planted after July 15th for competition in the Garden Classes.
2. No Competitor shall make more than one entry in each class, or be allowed to compete with the same exhibit or any part thereof, in more than one class, unless otherwise specified. Entries 8, 10, 11 and 12 are not excluded in judging of entire garden.
3. Novices shall be those who have never won **three** first prizes in a Garden Competition.
4. Classes 1 to 14 will be judged between August 1st and August 5th. It is distinctly understood that judges will visit all gardens. Gardens will be open to the public August 10th and 11th.
5. No prize shall be awarded unless garden scores at least 60 points on flowers and/or 60 points on vegetables.
6. All entries to be made on entry form accompanied by the necessary fee and to be in the hands of the Show Secretary by 6:00 p.m. on July 30th.
7. Competitors shall state clearly and distinctly the number of Class, together with name and address and location of garden and their membership number.
8. A composite garden must consist of not less than 6 kinds of vegetables and not less than 10 kinds of flowers. Flower garden must contain not less than 15 kinds of flowers.

9. All garden classes will be judged according to the Alberta Horticultural system of pointing:

Home Grounds:

General arrangement and effect, including features and floral display	30
Cleanliness	20
Lawns (health, vigor and trimness)	10
Trees and shrubs (variety, planting, pruning and care; freedom from pests and diseases)	20
Flowers - quality	10
variety and period of bloom	10

TOTAL 100

Vegetable Gardens:

Quality of the crops	30
Cleanliness (cultivation)	20
Variety (at least 8 kinds)	20
Space economy and succession cropping	15
Arrangement	15

TOTAL 100

10. First prize winners in 1973 competition will have 5 points deducted from their total points.
11. Exhibitors entering any of the composite gardens or grounds may enter specimen trees or plantings that are part of such composite garden.

NOTES ON EXHIBITS

As there is a wide diversity of form, size and color in flowers, study the type of the different varieties and select specimens conforming most nearly to it. The foliage as well as the bloom should be free from all blemishes caused by insects, disease or other causes.

Form—Refers to the normal shape of the variety, when fully developed.

Size—The largest flowers are not necessarily the best. Abnormal size is often a sign of coarseness. If, however, a flower is up to the standards in other respects, size is the important factor.

Color—The normal color of the variety at its best. Immaturity, wilting, fading or staleness are serious defects. Many flowers develop the highest and most delicate colors if picked in the bud in the morning and opened in a cool, dark place. Early morning is the best time to pick flowers for exhibitions. Injury caused by insects, disease, etc., may affect the color.

Stem—Length, stiffness and straightness of stem, well-furnished with foliage its entire length, is of greatest importance.

Foliage—Large, clean, fresh, healthy foliage. The flowers' own foliage is usually sufficient.

Substance—Refers to vigorous growth and good texture.

Uniformity—Refers to the similarity in size, form and general appearance of all specimens of the same variety exhibited in one section.

Truss—A truss is a cluster of flowers or fruit growing from one stem. (Not main stem.)

Vase—A vase is defined as a vessel for displaying flowers having a greater height than the diameter of its mouth.

Bowl—A vessel for displaying flowers having a diameter at its mouth equal to or greater than its height.

JUDGING

The point system used in judging as approved by the Alberta Horticultural Association.

Cy Foster - Gooder **FUNERAL SERVICE**

OPERATED BY CY FOSTER FUNERAL SERVICE LTD.

DID YOU KNOW?

Hardening flowers after cutting is important. Remove lower foliage and place cut flowers in hot water (110°F) for 12 to 24 hours. Before hardening, woody-stemmed plants should have the stems split up 5" or 6" from the bottom, or have lower 3" or 4" crushed with a hammer.

Plants with milky or sticky sap usually benefit from searing the stem end in a flame for several minutes.

After hardening, flowers may be kept for several days in airtight moisture-proof packages, which can be sealed with a hot iron. Spray flowers before wrapping and store at 40° to 50°. Cut off ½" of stem after removing from package and immediately place in water.

This "tip" compliments of Cy Foster-Gooder Funeral Service.

NOVICE

Name your Varieties if possible.

Entry Fee — 10c

CUT FLOWERS

(Novice Classes open to residents of the Province of Alberta who have never won five first prizes at a Horticultural Show.)

Class	1st	2nd	3rd

LAWN GRASS SEED

ROSE BUSHES

We have a good selection of the better varieties of Rose
Bushes especially selected for exhibition blooms.

Also several varieties of

DWARF HYBRID POLYANTHA ROSE BUSHES

TRADE MARKED ROSE BUSHES

AND HARDY RUGOSA ROSE BUSHES

A "tip" for exhibitors of flowers:

Grooming your entries for exhibition is important -
this means cleaning and fixing up the blooms so that
they are free of defects, blemishes, spray residue and dust.
This can be done with a soft cloth. Damaged or off-color
petals may be removed as long as they are not missed. In
removing petals, do not leave any traces, as this is a sign
that the entry has been dressed and many judges frown
on this practice.

Where disbudding is necessary, it should be done as
soon as the secondary buds on the specimen are visible.

CORSAGES

Corsages and Boutonieres should be displayed together in a clear plastic bag unsealed.

Entry Fee — 15c

Materials for these classes may be purchased and made up by the person making the entry.

Class	1st	2nd	3rd
77—Open - Corsage and Boutoniere	\$2.00	\$1.00	Ribbon
78—Novice - Corsage and Boutoniere	2.00	1.00	

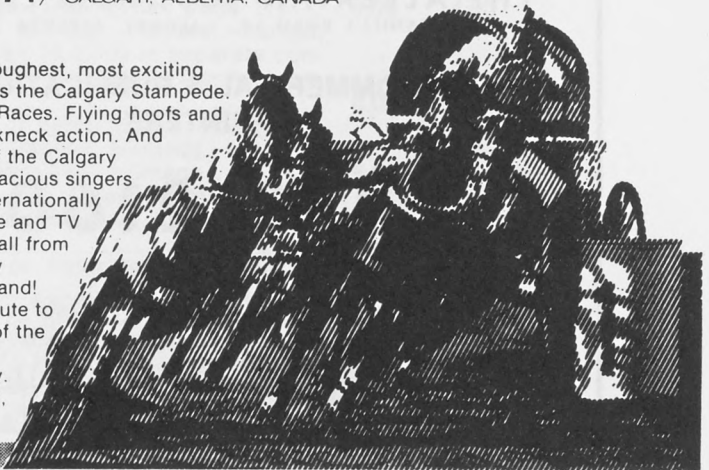

Exhibitors are sometimes at a loss as to what should constitute an exhibit in some cultural classes.

- (a) With flowers like Marigold and Cosmos, individual blooms are shown with only one opened bloom per stem. If an extra bud is present, it must be in the "tight bud" condition so that it will not open on the show bench.
- (b) With flowers that have multiple blooms, stems are shown. This will include such plants as Sweet Peas, Stocks, Phlox, etc. With such plants, the number of blooms open will be to the advantage of the exhibit.
- (c) With such flowers as Petunia, Pansy, and Viola, the flower alone is judged. Stem and foliage are not considered.

CALGARY EXHIBITION & STAMPEDE

JULY 4-13, 1974 / THE GREATEST OUTDOOR SHOW ON EARTH!
CALGARY, ALBERTA, CANADA

Rodeo. The roughest, toughest, most exciting sport in the world. That's the Calgary Stampede. That, and Chuckwagon Races. Flying hoofs and whirring wheels in breakneck action. And the Young Canadians of the Calgary Stampede. Talented, vivacious singers and dancers — now internationally acclaimed for their stage and TV spectaculars. See them all from the grandeur of the new Stampede Park Grandstand! Plus Flare Square's "Salute to Aviation" ... the wings of the world on parade. Order Grandstand tickets early. Write Box 1060, Calgary, T2P 2K8

HINTS FOR EXHIBITORS

Courtesy of The Albertan Job Press Ltd.

All exhibits, plants, flowers, fruits and vegetables must be free of insects and disease.

IF POSSIBLE, NAME YOUR VARIETY. This is most helpful to viewers and creates more interest, as it gives people an idea of what types and varieties grow best in this locality.

In the flower sections, the flowers will be judged for quality alone. Size of individual blooms is desirable, but the quality, form and cleanliness is just as important and should not be overlooked in order to enter your largest bloom. Damage to flower petals will cause the loss of many points.

Here are some important pointers to keep in mind when preparing and selecting blooms for exhibition:

1. Gladiolus should be straight spikes. The florets should be fresh, evenly spread, spaced and balanced.
2. Roses are considered at their peak for exhibition just as the second set of petals begin to unfurl. A good length of stem is important - it should be straight and carry some foliage. Side buds should be removed in the single classes.
3. Sweet Peas should have long stems that are straight and firm. Florets should be well balanced. Size, texture, freshness and the number of florets open is most important.
4. Asters, Dahlias, Zinnias and Marigolds should have centres full (except single varieties) and should be free of wilting petals.

IT'S FUN TO BE AN EXHIBITOR — TRY IT AND SEE FOR YOURSELF

A FEW POINTERS ON PREPARING VEGETABLES FOR EXHIBIT

BEANS — Pods of good length, uniform in size, clean and free from disease and blemishes; fresh and free from stringiness.

BROAD BEANS — Broad and Long Pod types should have large fresh, well-filled pods, with clear skins and tender seeds.
(Not to be confused with Scarlet Runner Beans.)

BEETS — Long — Diameter at top 2" to 2½". Roots intact; color, dark red. Crown of beet should be free from splits, scaling, scabs and sunburn; inside of beet free from light color. Tops should be removed ½" above the crown.

Round — Diameter 2" to 3"; otherwise as for long varieties.

CABBAGE — Heads of medium size, heavy and firm; shape true to type; free of insects and injury. Outer leaves to be removed, also stem.

CARROTS — Long — Length, 8" or over. Carrots should be uniform, slender and distinctly pointed, with roots intact, free from sunburn, discoloration, side roots. Tops removed ½" from crown.

Intermediate — Length not over 7". Carrots stump-rooted or pointed according to variety. Otherwise as for long carrots.

Short — Length not over 3". Carrots distinctly stump-rooted. Otherwise as for long carrots.

CAULIFLOWER — Heads 6" to 8" in diameter, uniform in size and color. Curds should be white, compact and firm, with no green leaves showing through. Stalk and larger leaves should be removed, other leaves trimmed off level with the head.

ONIONS — Should be uniform in color, size, shape and maturity. Roots and tops (½" above bulb) should be removed. Only jagged or dirty outer scales should be removed.

KOHLRABI — Heads of medium size, flesh solid, free from cracks. Roots removed just below the ball or swelling. Four to six of the centre leaves should be allowed to remain.

This page compliments of

THE KINSMEN CLUB OF CALGARY

PARSNIPS — Uniform in size, shape and appearance, good length, 2" to 3" in diameter at crown. Smooth and free of side roots and blemishes. Tops should be removed $\frac{1}{2}$ " above crown.

PEAS — Good size pods, uniform in size and shape, fresh and free of disease or blemishes. Pods filled with well-developed peas.

POTATOES — Shape and color should be uniform and typical of variety; smooth with few and shallow eyes; firm and of medium size; free of disease and sunburn (greenish color). Tubers can be cleaned with soft brush.

RHUBARB — Stalks uniform in color and size; clean; trimmed at top and bottom.

TOMATOES — Smooth, uniform in size, shape and color. Stems should be left on.

TURNIPS — Smooth, uniform, about 5" in diameter; firm; free of insect damage. Free of side roots; tops trimmed $\frac{1}{2}$ " above crown.

Many thanks to the Calgary Horticultural
Society for brightening our city
each year.

Show Secy., D. Wares, 1452 Premier Way, Phone 244-7706

INSTRUCTIONS AND INFORMATION

Exhibits must be staged by 11 a.m. on the opening day of show; this deadline must be strictly adhered to. Stewards will be present to advise exhibitors in properly balancing and staging exhibits.

Name of the exhibitor shall be attached to all exhibits, name of varieties or seedling number of cross shall be attached to all exhibits other than vase, novice and basket classes, but name of exhibitor shall remain undisclosed until judging is completed.

In the vase and basket classes, exhibitors may decorate with any class of foliage (including statice or gypsophila). Note: Ribbon may be used on baskets if desired.

There will be no limit to the number of entries by one exhibitor in Gladiolus Sections, but in the single spike classes each entry must be a different variety or different seedling.

In all 300, 400 and 500 single spike classes the stem below the base of the lower floret shall be from 18 to 20 inches long; 200 size shall be 16 inches.

As of January 1st, 1973, the Canadian Gladiolus Society and the North American Gladiolus Council both adopted a new color classification known as the "Marshall Plan", therefore this classification will be used for all Gladiolus Classes. Blotched varieties will be entered in the class pertaining to their basic color.

In judging all Gladiolus Classes, the Canadian Gladiolus Society Score Card and Judging Standards shall prevail.

All entries must be in by the time laid down under the General Rules and Regulations of the Calgary Horticultural Society.

Ortho: for more perfect roses.

Growing beautiful roses is easy if you keep the roots continuously supplied with water, keep bushes mulched, pick all fading blossoms, protect the leaves and buds from insects and diseases, and feed frequently to replenish soil nutrients vital to flower production. Use these proven Ortho products for protection and feeding.

Ortho Isotox Insect Spray is a multi-purpose garden insecticide that kills sucking and chewing insects on roses, flowers, trees and shrubs. Kills fast and continues to control for up to 2 weeks. Systemic absorption through foliage and roots prevents wash-off by rain or sprinkling.

16 oz. ISOTOX with
SPRAY-ETTE 4
